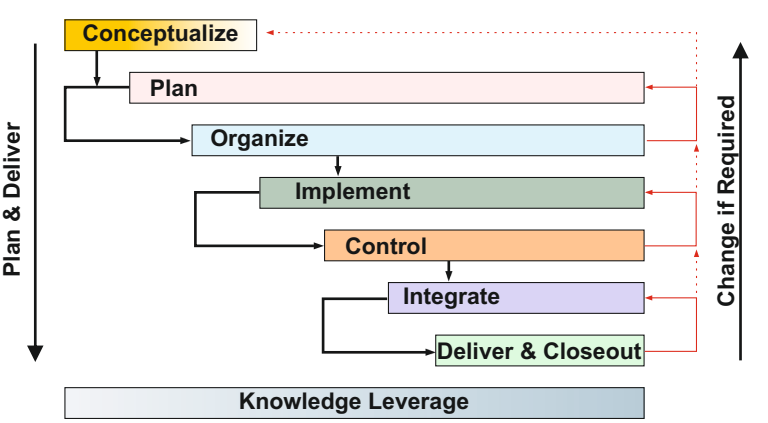
Making a difference

TPM syllabus covering 8 project life cycle phases from concept to commissioning is in line with NITI Aayog's recommendations.
The three additional Project Life Cycle phases **Organize**, **Integrate** and **Knowledge Leverage** are unique as other global certification associations have only five PLCs.



I have attended many other classes in project management both formal (university, academic setting) and informal (non-academic) but Ms. Ruchira Jain's delivery and mastery of topics is unparalleled. My hats off to her teaching.

- Brian Ernest Regalado, Founder and Lead Educator, Build Quotient AEC Training Institute. Philippines

The Construction Manpower Development Foundation (CMDF), a national agency created pursuant to Presidential Decree No. 1746. On July 7, 2023, i2P2M has signed a wide-ranging Memorandum of Understanding (MOU) with CMDF in Makati, Philippines. It includes the recognition of Totality of Project Management (TPM) leading to Certificate In Project Management (CIPM) having a ISO/IEC 17024:2012 accreditation.

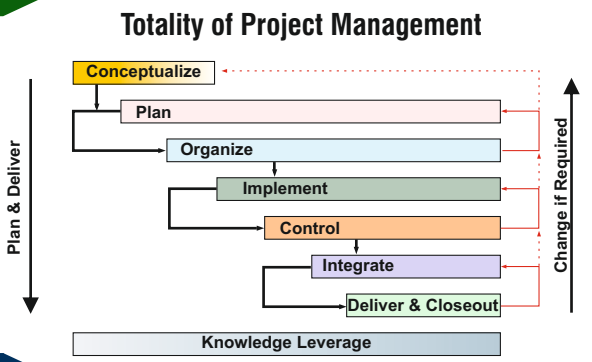
Enhance knowledge and Competence. Seize this great opportunity !

Totality of Project Management (TPM) (Building PM Foundation)

Why is TPM Training followed by Certificate In Project Management (CIPM) Exam the best worldwide? Some of the reasons are:

Reason 1

Eight Project Life Cycle Phases



Totality of Project Management (TPM) covers 8 project life cycle phases in line with NITI Aayog's recommendations for the project management curriculum.

Excerpts from **NITI Aayog** Task Force Report Project & Program Management :

"The curriculum to address following knowledge areas for project management and should consider the project from concept to commissioning encompassing all life cycle phases i.e. Conceptualize, Plan, Organize, Implement, Control, Integrate, Deliver/closeout and Knowledge Leverage".

Reason 2

ISO Accreditation

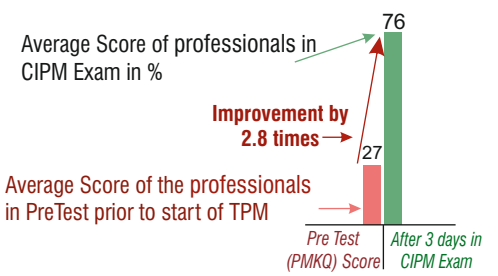
ISO/IEC 17024:2012 provides a framework for ensuring consistency, credibility, and quality in certification programs. By complying with this standard, certification bodies such as i2P2M can demonstrate their adherence to internationally recognized practices and build trust among all stakeholders.

ISO/IEC 17024:2012 Accredited Personnel Certification Body

Certificate In Project Management (CIPM) is ISO/IEC 17024:2012 accredited and administered by International Institute of Projects & Program Management (i2P2M).

Reason 3

Fantastic Improvement after 3 days of Training



The Totality of project Management (TPM) training is started with an initial knowledge assessment PreTest through CEPM's Project Management Knowledge Quotient (PMKQ) tool. After the TPM training we find an astounding improvement. For example, there was a 2.8 times improvement of the participants who have gone through Totality of Project Management.

Reason 4

International Recognition

iapm International Association of Project Managers Europe

CIPM certification is recognised by International Association of Project Managers (IAPM). It is a major additional global qualification for a participant.

CIPM holders will also be eligible to get the certification Certified Senior Project Manager (CSPM) from the International Association of Project Managers (IAPM), Europe.

Reason 5

Becoming Global

On July 7, 2023, The Memorandum Of Understanding (MOU) was signed between the Construction Manpower development Foundation (CMDF) created pursuant to Presidential Decree No. 1746 and International Institute of Projects and Program Management (i2P2M), a not for profit company in Makati City, Philippines. (L to R) Ms. Ofella R. Usigan, Office-in-Charge, CMDF and Adesh Jain, Chairman, i2P2M having a copy of the MOU in their hands.

Reason 6

Value for Money

₱ PHP

In comparison to other global certification systems including from PMI, the cost of training and certification of TPM and CIPM is upto 1/5th the cost. The quality of the CIPM certification is much higher as it is based on negative marking. The TPM course syllabus is much more robust as it is based on eight project life cycle phases from concept to commissioning.

Reason 7

Robustness

CIPM

CIPM exam paper has 4 sections and each section has to be independently cleared in addition to scoring minimum 60% marks across the entire paper. Further, 25% marks is deducted for wrong answers ensuring robustness of the exam. CIPM exam is UNIQUE. In other global PM certification bodies there is no negative marking and only the overall exam paper has to be passed making CIPM credential most admired in the world with it's robustness.

International Institute of Projects and Program Management (i2P2M) administers CIPM exam.

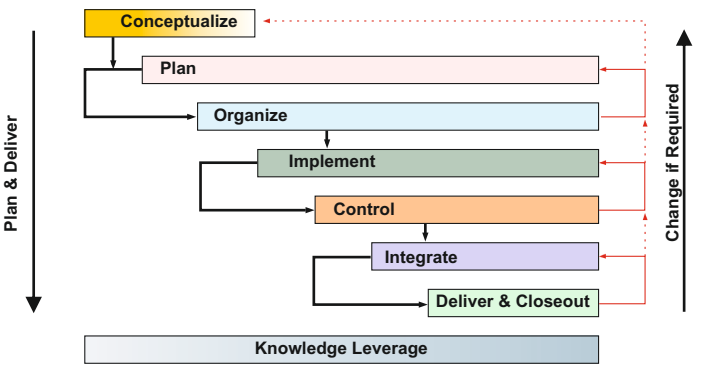
Being a global program participants can choose their local time

Suggested Timings: 9.30 am to 5.30 pm inclusive of breaks

Batch-10 : 11 to 15 Oct (Fri to Tue)
Batch-11 : 08 to 12 Nov (Fri to Tue)
Batch-12 : 13 to 17 Dec (Fri to Tue)
Batch-13 : 10 to 14 Jan **2025** (Fri to Tue)

For Philippines, if there is a group of 10 persons we can customise the start date with validity of 5 days.

Totality of Project Management (TPM) covers 8 Project Life Cycle Phases, 37 Knowledge Areas and 127 Concepts.



8 Project Life Cycle Phases of TPM is in alignment with NITI Aayog's recommendation for project management curriculum

TPM covers eight Project Life Cycle (PLC) phases – Conceptualize, Plan, Organize, Implement, Control, Integrate, Deliver & Closeout and Knowledge Leverage. Each phase has been depicted using different colors of varying intensity showing the intensity of the work during that phase. Three additional Project Life Cycle phases **Organize, Integrate, Knowledge Leverage** were introduced first time globally. The additional 3 project life cycle phases is added to conventional 5 project life cycle phases used by other global PM associations. Totality of Project Management is most unique globally. CEPM provides project management training based on the syllabus provided by i2P2M which administers the Certificate In Project Management (CIPM) Exam

Some of the 36 Knowledge Areas covered in Totality of Project Management (TPM) are: Stakeholder Management, Need Analysis, Business Case, Success Criteria, Scope Definition, Time Management, Cost & Finance, Project Management Plan, Roles & Responsibilities, Risk & Opportunity, Procurement, Quality, Information Management & Reporting, Contract Administration, Communication, Organization Structures, Leadership, Motivation, Conflict Resolution, Team Performance, Negotiation, Change Management, Issue Management, Problem Solving, Internal & External Interfaces, Closeout, Post Project Evaluation, Agile methodology, Health, Safety, Environment, CSR etc.

Excerpts from NITI Aayog (apex public policy think tank of Govt. of India) Task Force Report on Project and Program Management

"The curriculum to address following knowledge areas for project management and should consider the project from concept to commissioning encompassing all life cycle phases i.e. Conceptualize, Plan, Organize, Implement, Control, Integrate, Deliver/closeout and Knowledge Leverage".

Totality of Project Management is in line with NITI Aayog's above recommendation.

International Institute of projects and Program Management (i2P2M) is organise the 2.5 hour Certificate In Project Management (CIPM) exam from 3 to 5.30 pm. For Batch 10 (15 Oct), Batch 11 (12 Nov), Batch 12 (17 Dec), Batch 13 (14 Jan 2025)
For Philippines, if a group of 10 persons customise their start date, the exam date will be on 5th day.

Totality of Project Management (contd.)

"Certificate In Project Management (CIPM) is unique and should become **a must for professionals of an enterprise to create a common vocabulary"**

- Dr. Hiroshi Tanaka, President, Project Management Association, Japan and PM Advocate of JGC Corpn. (2007)

"I am blessed to have undergone the Total Project Management program leading to Certificate in Project Management units. Prof. Ruchira Jain is an expert and unparalleled in her delivery explaining every topic very absolute clarity giving real life examples. Wow experience."

- Glenn Angelo Macalintal,
Deputy QS Lead, Makati Development Corporation, Philippines

"I have attended many other classes in project management both formal (university, academic setting) and informal (non-academic) but Ms. Ruchira Jain's delivery and mastery of topics is unparalleled. My hats off to her teaching."

- Brian Ernest Regalado, Founder and Lead Educator, Build Quotient AEC Training Institute. Philippines (2021)

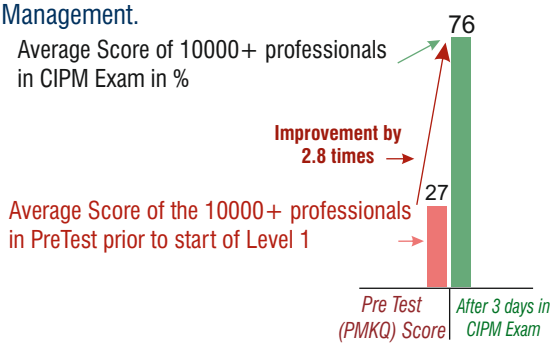
19500+ professionals across 600+ companies from 25 countries have done Totality of Project Management. Professionals from Philippines from some of the leading companies are :

MDC | Global-Estate Resorts, Inc. | Build Quotient AEC Training Institute | JML Design Concepts | Otsuki Sekkei Co., Ltd.

Arkisens Co. & 6x6 Builders Corp. | BMAT Music Innovators | Delta DNC INC. | HWC Builders Inc. | Juanito King & Sons Inc. | R.A. Cortez Construction & Landscaping Services

Multiforce Construction and Development Corp. | MLNC AV Architecture | Yuxing Construction Inc. | Sanes Construct | Designtinkr Inc.

The Totality of Project Management (TPM) training is started with an initial knowledge assessment PreTest through CEPM's Project Management Knowledge Quotient (PMKQ) tool. After the TPM training we find an astounding improvement. For example, there was a 2.8 times improvement of the participants who have gone through Totality of Project Management.



A great recognition for CIPM

IAPM International Association of Project Managers
Liechtenstein, Europe

CIPM holders will also be eligible to get certification from International Association of Project Managers (IAPM), Liechtenstein, Europe

CIPM certification is recognised by International Association of Project Managers (IAPM). After acquiring CIPM credential, one is eligible to get Certified Senior Project Manager (CSPM) from IAPM, a reputed global organisation. CIPM is a great global recognition. CIPM holders can acquire CSPM credential from IAPM, Europe thereafter by paying a small fee.

Certificate In Project Management (CIPM) Examination

CIPM Exam will be held from 3.00 pm to 5.30 pm
Batch 10 (15 Oct), Batch 11 (12 Nov), Batch 12 (17 Dec), Batch 13 (14 Jan 2025)
For Philippines, if a group of 10 persons customise their start date, the exam date will be on 5th day.

International Institute of Projects and Program Management (i2P2M) is organising the Certificate In Project Management (CIPM) Exam. i2P2M is the certification body and is not involved in the project management training. A participant needs to follow i2P2M's instructions for the CIPM Exam. Candidates must be minimum graduate in any field.

CIPM exam is of 2.5 hours. Paper has 4 sections covering the 8 project life cycle phases. i2P2M administers the CIPM exam which is ISO/IEC 17024:2012 accredited. CIPM exam is the only PM exam globally with negative marking providing robustness to exam process. Exam has 150 multiple choice questions based on application of knowledge, scenarios and computations.

CIPM Certificate is given to those who qualify in the exam which caries the logo of NABCB, Quality Council of India. **i2P2M is the only company in India with ISO/IEC 17024:2012 accreditation for its Certificate In Project Management credential.**

TPM Online

It is a global program. A participant can choose their local time zone to suit their own convenience.

i2P2M - International Institute of Projects and Program Management, a non-profit company was incorporated in 2008 as a Section 8 company with the vision to equip project leaders, managers and professionals across central / state government, public & private sector companies and research institutions to handle the complexity of tomorrow. It's aim is to build their Knowledge, Competency and Leadership through comprehensive learning with it's application at the workplace, exposure to best practices, relevant case studies, real time computer based simulations of complex project and leadership scenarios and sharing of experience and success stories with industry stalwarts from India and abroad.

i2P2M has two major streams. One stream is in providing the International / Executive Diploma in Project Management (I/EDPM®) in association with the School of Business of The George Washington University, Washington D.C., USA which is a leading university in the field of project management.

The **second stream** relates to administering of Certificate In Project Management (CIPM) having ISI/IEC 17024:2012 accreditation. The training for this certification is provided by a separate training organization.

Totality of Project Management (TPM) is based on the most exhaustive project management syllabus based on eight project life cycle phases i.e. Conceptualize, Plan, Organize, Implement, Control, Implement, Deliver/ closeout and Knowledge Leverage. After completing the TPM, a person can appear in the Certificate In Project Management (CIPM). CIPM exam is most robust with negative marking unlike any other global PM certification body.

About MOU: The Construction Manpower Development Foundation (CMDF) is a national government agency created pursuant to Presidential Decree No. 1746. CMDF is working to provide access to Filipino architecture, engineering and construction (AEC) professionals to a globally consistent yet locally responsive personnel certification system.

On July 7, 2023, i2P2M has signed a wide-ranging Memorandum of Understanding (MOU) with CMDF in Makati, Philippines. It includes the recognition of EDPM Program and the Totality of Project Management (TPM) program that leads to the Certificate In Project Management (CIPM) which is ISO/IEC 17024:2012 accredited.
